BEING CONFINED for a long period by illness is an ordeal for any of us, but for a young person it is even worse.

Mrs. C. L. Lively of Lubbock writes to The Herald and asks friends and relatives of this place to send a 15-year-old girl of Lubbock, who is a former resident of Hamlin, a card and letter shower. Dismissed from the hospital, she will be a shut-in for several weeks, having to miss school activities and all the fun of normal teen-agers. Her address is: Miss Carlene Holden, 3012 Dartmouth, Lubbock, Texas.

Carlene is the daughter of Mr. and Mrs. James Holden, formerly of this place, and granddaughter of Mr. and Mrs. J. W. Holden of Hamlin. She is suffering from rheumatic fever.

★  
EDGAR DUNCAN, owner of Piggly Wiggly in Hamlin, was a member of the deer hunting party that accompanied Dad Jones down to the Lazy J Ranch last week.

Only member of the group who had never been on a deer hunt, Edgar was the only hunter who got a shot at a deer. The first morning out he shot a buck, got plenty of blood, but the animal could never be trailed to where he evidently died.

When he got his second one on the second afternoon, he was hiding in a creek bed when a six-pointer came ambling up to within 30 feet of the P-W man, who gave the antler a dose of lead to end his cavorting.

"I was a mighty excited guy when this big buck came up," Ed declares. "We saw lots of deer, but the bucks were scarce," he put in for the other three fellows who also hunted.

★  
HARRY T. WITHERS pens the following little rhyme that has a lot of sage observation in it:

Those who "gas" about their neighbors  
Hour to hour around the clock  
Nearly always use the "reg'lar"  
Rather than the "anti-knock!"

★  
A. W. ROBERTSON is responsible for the following little squibs of wisdom:

A conscience is what hurts when everything else feels so good.  
It's necessary to get all the cracks now to break even.  
If a man does only what is required of him, he is a slave. If he does more than is required of him, he is a free man.

★  
W. L. BOYD, who was a member of dad's hunting party, declares that although he failed to get a buck, he had plenty of fun on the outing to the Lazy J. The other fellows are telling about Boyd's eating a lot of barbecued chicken with lots of sauce in it.

When it was necessary to use paper napkins a lot to keep the eaters' hands clean, Boyd is reported to have said:  
"Guess I'll have to eat my napkin, too—it's got so much good chicken sauce on it!"

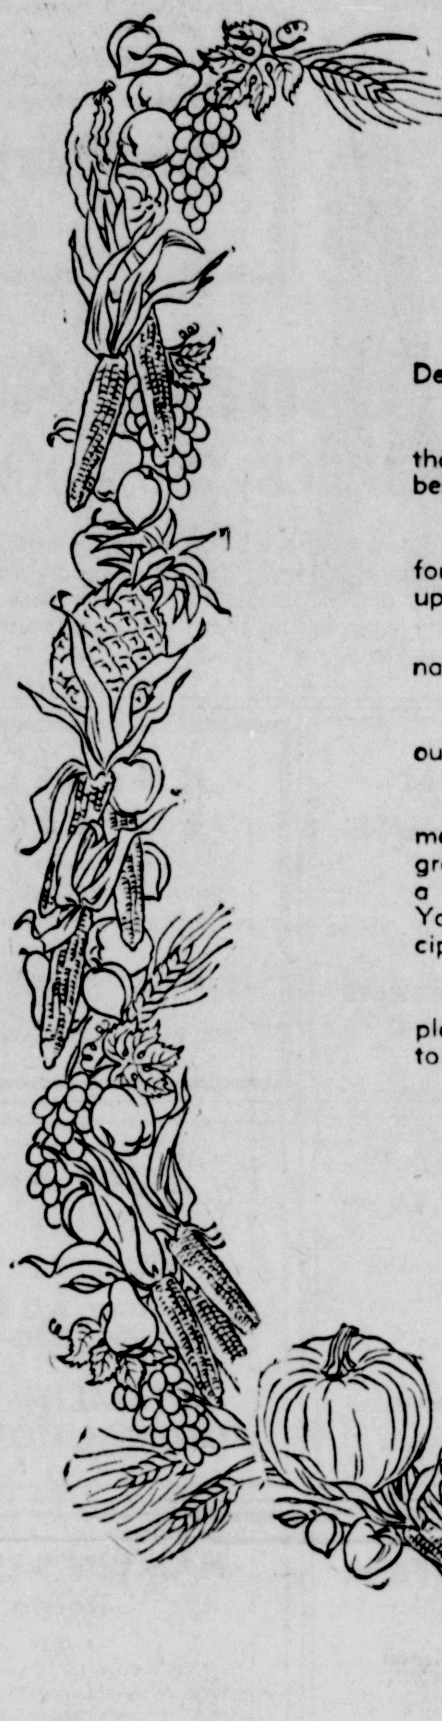

★  
THE LITTLE DAUGHTER of a colonel living on an army post was taken to church for the first time. The minister was one of those who believes in illustrating his sermons with vigors. She stared in awe at the old minister, shut up in a box pulpit, fumbling the Bible and waving his arms wildly.

Finally, unable to stand it any longer, she whispered to her mother in a frightened voice, "What'll we do if he gets out?"

The word salary comes from "alarium" meaning salt money, because Roman soldiers received part of their pay in salt.

## A Thanksgiving Letter...

Dear Lord:

Forgive us for setting aside only one day a year to openly render our thanks unto You for Your material and spiritual blessings so abundantly bestowed upon us.

We thank Thee for guiding the Founding Fathers of our great nation; for helping them to constitute a new concept of government predicated upon the principle that Man alone is supreme over this earth.

We thank Thee for aiding our leaders through the critical days of our nation's adolescence.

We thank Thee for the manifold helps give to us that have made our country industrially, agriculturally and morally great.

But now, most of all, we thank Thee for giving us a few great statesmen with the courage and brilliance to speak forth and fight against the great cloud of tyranny that hangs over the world. These shining lights in a world beset by darkness are the knights of armor fighting to preserve Your teachings and our great government which is based upon Your principles.

We pledge ourselves worthy of Your confidence and Your trust. We pledge to You, our Creator, that we shall never permit the light of Freedom to be extinguished on this earth.

We thank Thee,  
Folks of the Hamlin Area.

### Hamlin Teachers to Attend Convention Meet at San Antonio

High School Principal and Mrs. B. V. Newberry, H. V. Williams and Mrs. Everett Gibson of the Hamlin High School staff will be in San Antonio this week-end for the seventy-seventh annual convention of the Texas State Teachers Association, which convenes Thursday and closes Saturday.

Approximately 8,000 teachers of the state are expected to attend, according to Charles H. Tennyson, executive secretary of the group. Following a theme of "Education—Freedom's Hope," the convention will open with a Thanksgiving service in the municipal auditorium. Dr. Carlyle Marney, pastor of the First Baptist Church in Austin, will deliver the sermon.

Speakers for other sessions will include such notables as General Carlos P. Romulo Philippine ambassador to the United States; Dr. Alexander Stoddard, retired superintendent of the Los Angeles California, public schools; Dr. Andrew Holt, vice president of the University of Tennessee;

### Teachers of Jones County Hear Plan for Improved Teacher Retirement Program

Members of the Jones County Teachers Association met in regular quarterly session in the Hamlin High School auditorium Monday evening with a good representation.

Entertainment for the group was furnished by Noble Canida, music instructor at DePriest Colored School. His male quartet presented two numbers, "To Thee We Turn" and "Little David, Play on Your Harp." Canida sang "Go Down, Moses."

Doyle Smith, speech teacher at Hamlin High School, presented his speech students in a skit entitled "Do You Know Liz?" The skit stressed professional ethics for teachers.

Mrs. Everett Gibson of Hamlin, president of the county unit, presided over a short business session, after which she asked C. F.

### Early Response to TB Seal Sale Is Fair

Early response to the annual Christmas Seal sales in Jones County has been gratifying, declares Mrs. W. L. Hunter Jr., of Hamlin, seal sale chairman.

The Christmas seals were put in the mail last week, more than 4,000 letters being mailed to citizens of the area. Two dollars worth of the seals were put in each letter, however, many were expected to remit more than that amount, leaders of the campaign said.

Calling attention to 3,704 new cases of tuberculosis reported in the state last year, Governor Allan Shivers this week warned Texans that tuberculosis is a communicable disease which can invade any home at any time.

Modern methods of treatment, Governor Shivers said, have steadily reduced the death toll from tuberculosis. He pointed out, however, that in 1954 the disease claimed the lives of 910 persons in Texas and its economic cost remains a heavy burden to the taxpayers.

In an official memorandum the governor recognized the work of the Texas Tuberculosis Association and its local affiliates as helping to prevent the spread of tuberculosis.

He designated the period from November 16 to December 24 as Christmas Seal Days in Texas and urged every citizen to buy and use Christmas seals to help end tuberculosis.

## Most Businesses to Close Thanksgiving

### Wednesday Night Program Slated at Methodist Church

Rev. Donald Wellman, pastor of the Hamlin Church of the Nazarene, will be the principal speaker at the union Thanksgiving service being sponsored by members of the Hamlin Ministerial Alliance Wednesday evening at the First Methodist Church. His topic will be "Praise, the Biblical Basis for Thanksgiving."

The union service will be conducted in lieu of regular prayer services at the city's churches, and people of all faiths are invited to attend and participate in the services. They will begin at 7:30 o'clock.

Chairman of the meeting will be Rev. Darris L. Egger, pastor of the host church.

Music for the service will be directed by Ed Wiggins, educational and music director of the First Baptist Church. A choir will be composed by singers from all the churches.

Special musical numbers will be presented, it is announced.

Ministers of the city will act as ushers for the service, according to officials of the alliance.

A free-will offering will be taken at the service, the funds going into the alliance's treasury for aiding unfortunate and needy families during the year.

### Theft of Hub Caps and Spares Reported Here

Theft of spare tires and hub caps from automobiles and trucks in the Hamlin community have been reported to Hamlin police, according to Mayor Willard Jones.

No arrests had been made by mid-week, but several leads have indicated that teen-age boys are involved in the theft, officers believe. Police Chief Buddy Watson asks the cooperation of citizens in the police department's efforts to arrest the perpetrators of the thievery.

### DePriest Teachers to Attend State Confab

DePriest Colored School teachers will be in Dallas this week-end for the annual convention of the colored section of the Texas State Teachers Association.

Classes at the school will dismiss Wednesday afternoon for the Thanksgiving holidays, resuming next Monday morning, according to E. S. Morgan, principal.

VISITS IN ARKANSAS.  
Mrs. L. B. Bruner left Saturday for Siloam Springs, Arkansas, to visit her brother, L. D. Loflar. Mr. Loflar will be 95 years old Friday.

SPEAKER for the annual union Thanksgiving service being sponsored by the Hamlin Ministerial Alliance Wednesday evening at 7:30 o'clock at the First Methodist Church will be Rev. Donald Wellman (above), pastor of the Church of the Nazarene.

### No Definite Clues Found in Burglary of Piggly Piggly

No definite clues as to the identity of perpetrators of a burglary of the Piggly Wiggly grocery store in Hamlin Friday night had been run down as The Herald went to press, according to Dave Reves, Jones County sheriff, who has been investigating the break-in in cooperation with Hamlin police.

Burglars took the store's safe, which contained only daily sales reports and a few non-negotiable trade coupon books, according to the owner, Edgar Duncan.

The safe was found Saturday afternoon by a rancher just north of the Double Mountain Fork of the Brazos River in Stonewall County as he was searching for cattle.

Entrance to the new store was gained by prying open the south aluminum-enclosed glass front door. The safe was taken from a spot near the front door.

Sheriff Reves said the safe had been opened by knocking off the knob, probably by professionals.

Duncan said nothing else had been noted as being missed from the store. However, he said, some items in small quantities, like candy, cigarettes or the like, could be taken without a check-up revealing it.

### 4-H Club Boys and Girls and Adults Recognized for Leadership at Meeting

Several Hamlin area 4-H Club boys and girls and adult leaders were recognized for outstanding accomplishments during the previous year when observance of National 4-A Achievement Day was conducted in Anson Monday night.

A. H. Roberts and Judy Simmons of Anson served as co-masters-of-ceremonies. Judy gave the welcome and introduced Beth Adkins, who spoke on "What 4-H Club Means to Me." Beth won first in district and second in state competition with her speech.

A. H. then introduced Rowland Foster and Ronnie Sosebee, who presented a team demonstration on soil conservation.

A movie entitled "The Road Turns Right" was then shown to the group.

Presentation of awards highlighted the program. Gold Star winners for 1955 are Beth Adkins of Anson and James Allred of Noodle.

Jimmie Lou Wainscott, county home demonstration agent, presented adult leadership pins to the following women: Mrs. Hubert Sullivan, Mrs. Ernest Spurgin, Mrs. B. T. Murfee, Mrs. Grady Smith, Mrs. Cliff Garrett, Mrs. Jimmy Youngquist and Mrs. Ester Hastings.

Men receiving awards for leadership included Howard Roberts.

### Few Places Will Serve Transients During Holiday

Practically all Hamlin business houses and professional offices will be closed all day Thursday in observance of Thanksgiving Day. A few will remain open until noon.

Filling stations and cafes generally will remain open for the day in order to serve transients passing through, a survey made by The Herald Monday indicated.

With observance Wednesday evening preceding the holidays of the union church service, no other special activities had been planned for the day. There were several fans planning to attend football games in the area.

School classes were to be dismissed Wednesday afternoon, and will be resumed Monday morning, according to C. F. Cook, superintendent of schools.

Many area people were planning visits with relatives during the week-end holiday period, some going out-of-town and others staying at home to entertain relatives.

### Pilferers Get Nothing At DePriest School

Would-be pilferers entered the DePriest Colored School sometime Sunday night, but, other than a broken front glass door, little damage was done, reports E. S. Morgan, DePriest principal.

Entrance was gained by smashing a front door glass, then opening the door from the inside. The candy vending machine was damaged, but the coin box was never entered, Morgan said.

City police had developed no leads when The Herald went to press.

### Herald Being Printed Early For This Week

This week's edition of Your Home Town Paper is being printed on Tuesday evening, and should reach local subscribers on Wednesday, according to Publisher June Jones.

The early publication time will permit the Herald's office force to have a few days' rest from their duties during the Thanksgiving holiday period.

## BEING THANKFUL IS NOT AN ANNUAL AFFAIR

Love for those close to us, those who do a thousand and one things for us, is a continuing thing. It needs to be expressed every day—else the benefactor may be constrained to conclude that his or her efforts are not appreciated.

Just as it is pay-up time every time we go into a grocery store to purchase food for the family, there is remitting time for the little gratuities that are extended daily by our loved ones.

The same principle is true for our everyday living. Being thankful and appreciative is a waning trait of many of our people of today. What a shame! What happiness and joy others would enjoy if we only expressed our gratitude daily to those about us; said "thank you" more often to our loved ones and other associates; expressed real appreciation as often as we feel it—and that would be seldom enough.

As another Thanksgiving season comes around, more of us will be thinking about the spirit of Thanksgiving. But the point we are trying to make is that we should not wait until the last week in November to be truly thankful. There are 364 other days, you know, on which we can be grateful.

To be sure, Thanksgiving is well and good, and it should be observed because of its original intent and purpose. The Pilgrims who instituted the day had reason for their season of Thanksgiving: They had made bountiful crops in this new land and were enjoying freedoms and liberties after being oppressed and overtaxed in the old country. Their thanksgiving was sacred because it was felt deep down inside their souls.

Today, with all our modern conveniences and good health and wealth of food, clothing and other material things, we should be all the more thankful—not just at Thanksgiving, but every day of every week of every month of every year.

May something like this be the prayer of every one of us: "Bountiful Father, provider of all our blessings, we are grateful. For these things especially, which are not enjoyed by millions of our world inhabitants, we are thankful: Food, clothes, shelter, freedoms of thought, religion, press and initiative, freedom from fear, want, starvation, threats, oppression. Yea, Lord, may we make every day a day of thanksgiving, and may we acquire and intensify a feeling of gratitude as we go through life."

## Motorists, Face the Facts

Traffic accidents don't just happen—they are caused, according to the Texas Safety Association, Inc. And very often traffic accidents are caused by people who refuse to face up to the fact that driving and walking demand caution and alertness from motorists and pedestrians.

If an accident does occur, many blame it on the other fellow. But shifting the blame won't mend broken bones or put breath back into a lifeless body.

Every time a person steps out in traffic he is responsible for his own safety and—to a degree—for the safety of those he meets. Refusing to accept this responsibility doesn't relieve him of it. Nor does it make his pain and discomfort any easier to bear if his carelessness lands him in the hospital.

So, let's all take an adult attitude toward this business of traffic safety. Let's realize that our safety is our own responsibility and that the way to stay hale and hearty is to take special precautions when the weatherman gets onery. It's a sign of maturity to be able to face up to situations.

## Look at the Bright Side

How slow we are to learn that half of the woes we dread do not come upon us at all. How much wiser it is to take things as we find them, making the most of the present with a view to building more wisely for the future.

The golden moments in the stream of life rush past us, and we see nothing but sand: the angels come to visit us and we only know them when they are gone. Sometimes, when things seem to be going against us, they may actually be coming our way.

## Make a Wise Investment

In times like these, invest in boys and girls. Men talk about buying stock at the bottom. When you invest in a boy or girl, you are always buying at the bottom. You are sure that the youngster is growing up, and there is no telling how far.

I invite every man and woman in the world to take a flyer in Childhood Preferred. I predict a great future for this security. It has investment merit combined with the most exciting speculative possibilities.

You are sure to get a man or woman; you may get a great man or a great woman.—Bruce Barton.

## Building Good-Will

Most of us establish and build our business on the respect and good treatment of our customers. We call this good-will. Good-will is an asset of any business, and as an asset a growing good-will increases the values of most businesses.

Basically, our community's growth and reputation is a business. It is the business of selling community advantages and good-will on a regional scale. Our good-will as merchants, employees, professional people, or average citizens is everybody's affair.

Keeping any product at the top of a competitive market requires a constant increase in the size and efficiency of the sales force. Every citizen of the community is a salesman to prospective customers of our town. Let's keep our product at the top of the market.

## A True Friend

A friend is one who is for you always, under all circumstances. He never investigates you. When charges are made against you, he does not ask proofs—he asks the accuser to clear out. He likes you just as you are; and he does not want to change you.

Whatever kind of coat you are wearing suits him. Whether you have on a dress suit or a hickory shirt with no collar, he thinks it's fine. He likes your moods, and enjoys your pessimism as much as you optimism. He likes your success; and your failures endear you to him the more. He wants nothing from you except that you be yourself. Although you may sometimes seem to neglect him and forget him, he ignores the slight. Nothing can cause his faith in you to waver.

He keeps alive your faith in human nature. It is he who makes you believe it a good universe. When you are vigorous and spirited, you like to take your pleasures with him; when you are in trouble, you want to tell him about it; when you are ill, you want him near. You give to him without reluctance, and borrow from him without embarrassment. He is the elixir of hope, the antidote for despair, the tonic for depression, the potion beside which the doctor's pills are futile. He is your friend.—Pennsylvania Grit.

Conceit is a queer disease; it makes everybody look sick but the one who has it.

Any mature man who doesn't think he knows more than his boss is a poor specimen, and not even the boss respects him.

# THANKSGIVING

Yes, Thanksgiving means a day of thankfulness for all . . . youngsters and "young oldsters" alike. We all know the meaning in back of this truly American holiday. Most of us just take our blessings for granted, but maybe this year it would be a good idea to pause and give thought about how great they are . . . and how fortunate we are . . . to be Americans. Right here in Hamlin, for example, we enjoy things that peoples in many other nations never thought existed. Being able to say what we please . . . worship as we please . . . work at a job where enthusiasm and ability pay off . . . buy food and clothing and automobiles and anything else we need . . . therefore, shouldn't we for one day in a year remind Him of our thankfulness for the past? Have a good and careful Thanksgiving Day!

# Now as Then

Today, as our forefathers did, we celebrate Thanksgiving with a deep appreciation for His generosity. But now, as then, we are faced with the responsibility of keeping peace in a world molested by power-seeking governments who are endeavoring to defy God and the principles of freedom-loving people. We are in America endeavoring to protect ourselves and small countries from forces of darkness that threaten to smother the light of liberty.

Yet, with faith in Him, we are certain that liberty will conquer as it did then.

We, at Piggly Wiggly, pause to express our sincere thanks for a fine group of patrons who have made our business successful and pleasant in Hamlin.

## S-D Day Observance on December 1 to Give Emphasis to Car Traffic Accidents

Three kinds of persons are responsible for the nation's traffic accidents—men, women and children.

They will be the target for the second observance of S-D Day on December 1, sponsored by the president's committee for traffic safety.

President Eisenhower has set this Safe Driving Day for Americans to prove that by their own efforts traffic accidents can be held to an absolute minimum for 24-hour period.

The day is typically American, the committee said. Although officially sponsored by the president and his committee, its observance and all activities connected with it will be on a co-operative and volunteer basis.

24-hour observance of traffic laws will not be given unusual emphasis for this special day. Instead, officials hope that arrests will be lower because of increased observance of safe driving practices.

Purpose of the day, the committee said, is to increase awareness of the traffic accident problem and inspire drivers and pedestrians to assume their individual and personal responsibility for highway safety. They will be urged to:

1. Obey the letter and spirit of all traffic regulations by driving at speeds prescribed by law or indicated by road and weather conditions, by signaling turns and stops, by being extra alert and slowing at railroad crossings, and by crossing streets correctly at intersections.

2. Be courteous to all drivers and pedestrians; give a break to pedestrians and turning motorists; and to practice good sportsmanship by keeping to the right, staying in their own lane and avoiding unnecessary use of the horn.

3. Give full attention to driving and walking; practice the fundamentals of safe driving by keeping two hands on the wheel.

INFLAMMABLE CARE. Gasoline, kerosene and cleaning fluids improperly used often turn a peaceful farm into a holocaust of flame. Store and handle them the safe way.

## Stamford Bulldogs Take District 4-AA Football Championship with 26 to 7 Win

Stamford's Bulldogs won the District 4-AA football title last Friday night in the closing game of the season when they took the measure of the hapless Hamlin Pied Pipers by a 26 to 7 score. The tilt was played before a big crowd in the Piper stadium.

Stamford scored in each of the four quarters, although it was not run-away ball game that some of the dopsters had predicted.

Quarterback Jackie Mills passed to Halfback Donald Campbell for 17 yards and the first Stamford touchdown. End Dallas Christian booted the extra point.

A pass from Mills to Christian accounted for the second tally of eight yards. The extra point try was no good.

Christian again racked up the third touchdown on a pass from

Mickey Jackson. The extra point kick was again not good.

In a special drive the Pied Pipers made the score 19 to 7 in the final period when Halfback Ken Hewett took a hand-off from Quarterback Clarence Parker for two yards and the score. Don Adair ran for the extra point after a fumble on the attempted kick try.

Stamford's final tally came on a hand-off from Mills to Halfback Mike McClellan, who went through his own left tackle for 63 yards. Extra point kick try by Melvin Stevenson was unsuccessful.

Hamlin End Jerry Jay was injured in the last quarter when he was downed in a play. He was taken to the hospital, but was released shortly thereafter with only bruises marked against him.

## Rotan Whips Anson In Last Grid Game Friday by 37 to 0

Rotan High School's Yellowhammers, buoyed by their week-before triumph over the Hamlin Pied Pipers, swamped the Anson Tigers, 37 to 0, in their final grid contest of the season Friday night on their home field.

Leading the attack were George Bridges and Wesley Winton.

Rotan rolled up 204 yards on the ground and 119 yards in the air to head up the victory. They made 17 first downs to seven for Anson.

Bridges went over from the one-yard spot in the first quarter to score first. In the second quarter Bridges passed to Jimmy Finch for 35 yards and the second touchdown. Minton then went over from the five for the third mark-

On a run good for 20 yards through the middle Bridges scored the fourth touchdown early in the third period.

In the last quarter Minton went through center for one yard and another score. Jimmy Kendrick accounted for the last score in the final period on an intercepted pass from 15 yards out. Bubba Edwards kicked the one extra point of the evening.

Rotan took the second half opening kick-off and ran it the ball through the entire Hamlin team for a touchdown.

Early in the fourth quarter the Mighty Mice drove to the Rotan 10-yard line only to lose the ball by inches.

BEING CONFINED for a long period by illness is an ordeal for any of us, but for a young person it is even worse.

Mrs. C. L. Lively of Lubbock writes to The Herald and asks friends and relatives of this place to send a 15-year-old girl of Lubbock, who is a former resident of Hamlin, a card and letter shower.

Dismissed from the hospital, she will be a shut-in for several weeks, having to miss school activities and all the fun of normal teen-agers. Her address is: Miss Carlene Holden, 3012 Dartmouth, Lubbock, Texas.

Carlene is the daughter of Mr. and Mrs. James Holden, formerly of this place, and granddaughter of Mr. and Mrs. J. W. Holden of Hamlin. She is suffering from rheumatic fever.

EDGAR DUNCAN, owner of Piggly Wiggly in Hamlin, was a member of the deer hunting party that accompanied Dad Jones down to the Lazy J Ranch last week.

Only member of the group who had never been on a deer hunt, Edgar was the only hunter who got a shot at a deer. The first morning out he shot a buck, got plenty of blood, but the animal could never be trailed to where he evidently died.

When he got his second one on the second afternoon, he was hiding in a creek bed when a six-pointer came ambling up to within 30 feet of the P-W man, who gave the antler a dose of lead to end his cavorting.

"I was a mighty excited guy when this big buck came up," Ed declares. "We saw lots of deer, but the bucks were scarce," he said in for the other three fellows who also hunted.

HARRY T. WITHERS pens the following little rhyme that has a lot of sage observation in it:

Those who "gas" about their neighbors  
Hour to hour around the clock  
Nearly always use the "reg'lar"  
Rather than the "anti-knock!"

A. W. ROBERTSON is responsible for the following little squibs of wisdom:

A conscience is what hurts when everything else feels so good.

It's necessary to get all the cracks now to break even.

If a man does only what is required of him, he is a slave. If a man does more than is required of him, he is a free man.

W. L. BOYD, who was a member of dad's hunting party, declares that although he failed to get a buck, he had plenty of fun on the outing to the Lazy J.

The other fellows are telling about Boyd's eating a lot of barbecued chicken with lots of sauce on it.

When it was necessary to use paper napkins a lot to keep the eaters' hands clean, Boyd is reported to have said:

"Guess I'll have to eat my napkin, too—it's got so much good chicken sauce on it!"

THE LITTLE DAUGHTER of a colonel living on an army post was taken to church for the first time. The minister was one of those who believes in illustrating his sermons with vivid pictures.

She stared in awe at the old minister, shut up in a box pulpit, fumbling the Bible and waving his arms wildly.

Finally, unable to stand it any longer, she whispered to her mother in a frightened voice, "What'll we do if he gets out?"

The word salary comes from "alarium" meaning salt money, because Roman soldiers received part of their pay in salt.

## A Thanksgiving Letter...

Dear Lord:

Forgive us for setting aside only one day a year to openly render our thanks unto You for Your material and spiritual blessings so abundantly bestowed upon us.

We thank Thee for guiding the Founding Fathers of our great nation; for helping them to constitute a new concept of government predicated upon the principle that Man alone is supreme over this earth.

We thank Thee for aiding our leaders through the critical days of our nation's adolescence.

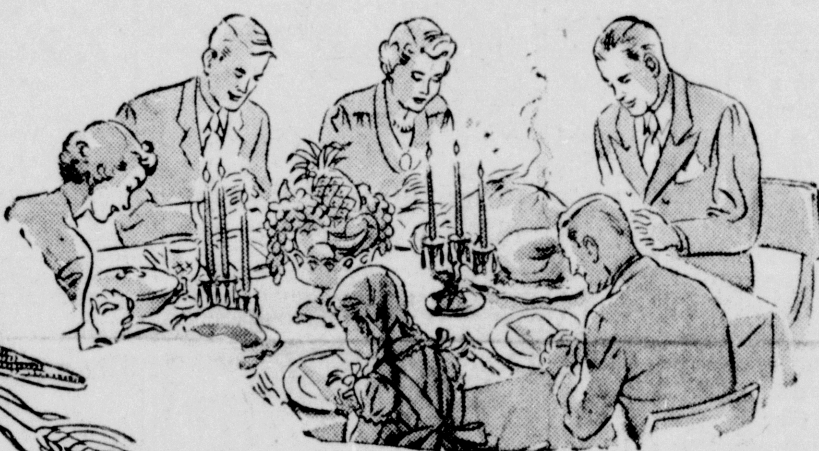

We thank Thee for the manifold helps give to us that have made our country industrially, agriculturally and morally great.

But now, most of all, we thank Thee for giving us a few great statesmen with the courage and brilliance to speak forth and fight against the great cloud of tyranny that hangs over the world. These shining lights in a world beset by darkness are the knights of armor fighting to preserve Your teachings and our great government which is based upon Your principles.

We pledge ourselves worthy of Your confidence and Your trust. We pledge to You, our Creator, that we shall never permit the light of Freedom to be extinguished on this earth.

We thank Thee,

Folks of the Hamlin Area.

### Hamlin Teachers to Attend Convention Meet at San Antonio

High School Principal and Mrs. B. V. Newberry, H. V. Williams and Mrs. Everett Gibson of the Hamlin High School staff will be in San Antonio this week-end for the seventy-seventh annual convention of the Texas State Teachers Association, which convenes Thursday and closes Saturday.

Approximately 8,000 teachers of the state are expected to attend, according to Charles H. Tennyson, executive secretary of the group.

Following a theme of "Education—Freedom's Hope," the convention will open with a Thanksgiving service in the municipal auditorium. Dr. Carlyle Marney, pastor of the First Baptist Church in Austin, will deliver the sermon.

Speakers for other sessions will include such notables as General Carlos P. Romulo Philippine ambassador to the United States; Dr. Alexander Stoddard, retired superintendent of the Los Angeles, California, public schools; Dr. Andrew Holt, vice president of the University of Tennessee;

Members of the Jones County Teachers Association met in regular quarterly session in the Hamlin High School auditorium Monday evening with a good representation.

Entertainment for the group was furnished by Noble Canida, music instructor at DePriest Colored School. His male quartet presented two numbers, "To Thee We Turn" and "Little David, Play on Your Harp."

Canida sang "Go Down, Moses."

Doyle Smith, speech teacher at Hamlin High School, presented his speech students in a skit entitled "Do You Know Liz?"

The skit stressed professional ethics for teachers.

Mrs. Everett Gibson of Hamlin, president of the county unit, presided over a short business session, after which she asked C. F.

### Early Response to TB Seal Sale Is Fair

Early response to the annual Christmas Seal sales in Jones County has been gratifying, declares Mrs. W. L. Hunter Jr. of Hamlin, seal sale chairman.

The Christmas seals were put in the mail last week, more than 4,000 letters being mailed to citizens of the area. Two dollars worth of the seals were put in each letter, however, many were expected to remit more than that amount, leaders of the campaign said.

Calling attention to 3,704 new cases of tuberculosis reported in the state last year, Governor Allan Shivers this week warned Texans that tuberculosis is a communicable disease which can invade any home at any time.

Modern methods of treatment, Governor Shivers said, have steadily reduced the death toll from tuberculosis. He pointed out, however, that in 1954 the disease claimed the lives of 910 persons in Texas and its economic cost remains a heavy burden to the taxpayers.

In an official memorandum the governor recognized the work of the Texas Tuberculosis Association and its local affiliates as helping to prevent the spread of tuberculosis.

He designated the period from November 16 to December 24 as Christmas Seal Days in Texas and urged every citizen to buy and use Christmas seals to help end tuberculosis.

### Losses in Theater Fire Bring Year's Total to \$45,166 Insured Loss

Losses in the recent fire at the Ritz Theater, owned by Mrs. B. S. Ferguson, have totaled more than was first believed according to the adjustments of insurance companies on the losses it was revealed this week by City Fire Marshal T. W. (Mickey) McGuire.

Adjusted losses were \$10,600 on the theater, \$908 on Mrs. E. M. Wilson's building, and \$1,941.20 on the Safeway building owned by George Malouf.

McGuire says these losses bring the total insured losses for the year in Hamlin to \$45,166.91. This figure compares with about \$13,000 for 1954 and \$15,000 for 1953.

Since 1902, when President McKinley was assassinated, the U. S. Secret Service has been charged with guarding the president.

### No Definite Clues Found in Burglary of Piggly Wiggly

No definite clues as to the identity of perpetrators of a burglary of the Piggly Wiggly grocery store in Hamlin Friday night had been run down as The Herald went to press, according to Dave Reeves, Jones County sheriff, who has been investigating the break-in in cooperation with Hamlin police.

Burglars took the store's safe, which contained only daily sales reports and a few non-negotiable trade coupon books, according to the owner, Edgar Duncan.

The safe was found Saturday afternoon by a rancher just north of the Double Mountain Fork of the Brazos River in Stonewall County as he was searching for cattle.

Entrance to the new store was gained by prying open the south aluminum-enclosed glass front door. The safe was taken from a spot near the front door.

Sheriff Reeves said the safe had been opened by knocking off the knob, probably by professionals. Duncan said nothing else had been noted as being missed from the store. However, he said, some items in small quantities, like candy, cigarettes or the like, could be taken without a check-up revealing it.

### 4-H Club Boys and Girls and Adults Recognized for Leadership at Meeting

Several Hamlin area 4-H Club boys and girls and adult leaders were recognized for outstanding accomplishments during the previous year when observance of National 4-A Achievement Day was conducted in Anson Monday night.

A. H. Roberts and Judy Simmons of Anson served as co-masters-of-ceremonies. Judy gave the welcome and introduced Beth Adkins, who spoke on "What 4-H Club Means to Me." Beth won first in district and second in state competition with her speech.

A. H. then introduced Rowland Foster and Ronnie Sosebee, who presented a team demonstration on soil conservation.

A movie entitled "The Road Turns Right" was then shown to the group.

Presentation of awards highlighted the program. Gold Star winners for 1955 are Beth Adkins of Anson and James Allred of Noodle.

Jimmie Lou Wainscott, county home demonstration agent, presented adult leadership pins to the following women: Mrs. Hubert Sullivan, Mrs. Ernest Spurgin, Mrs. B. T. Murfee, Mrs. Grady Smith, Mrs. Cliff Garrett, Mrs. Jimmy Youngquist and Mrs. Ester Hastings.

Men receiving awards for leadership included Howard Roberts.

### Few Places Will Serve Transients During Holiday

Practically all Hamlin business houses and professional offices will be closed all day Thursday in observance of Thanksgiving Day. A few will remain open until noon.

Filling stations and cafes generally will remain open for the day in order to serve transients passing through, a survey made by The Herald Monday indicated.

With observance Wednesday evening preceding the holidays of the union church service, no other special activities had been planned for the day. There were several fans planning to attend football games in the area.

School classes were to be dismissed Wednesday afternoon, and will be resumed Monday morning, according to C. F. Cook, superintendent of schools.

Many area people were planning visits with relatives during the week-end holiday period, some going out-of-town and others staying at home to entertain relatives.

### Pilferers Get Nothing At DePriest School

Would-be pilferers entered the DePriest Colored School sometime Sunday night, but, other than a broken front glass door, little damage was done, reports E. S. Morgan, DePriest principal.

Entrance was gained by smashing a front door glass, then opening the door from the inside. The candy vending machine was damaged, but the coin box was never entered, Morgan said.

City police had developed no leads when The Herald went to press.

## BEING THANKFUL IS NOT AN ANNUAL AFFAIR

Love for those close to us, those who do a thousand and one things for us, is a continuing thing. It needs to be expressed every day—else the benefactor may be constrained to conclude that his or her efforts are not appreciated.

Just as it is pay-up time every time we go into a grocery store to purchase food for the family, there is remitting time for the little gratuities that are extended daily by our loved ones.

The same principle is true for our everyday living. Being thankful and appreciative is a waning trait of many of our people of today. What a shame! What happiness and joy others would enjoy if we only expressed our gratitude daily to those about us; said "thank you" more often to our loved ones and other associates; expressed real appreciation as often as we feel it—and that would be seldom enough.

As another Thanksgiving season comes around, more of us will be thinking about the spirit of Thanksgiving. But the point we are trying to make is that we should not wait until the last week in November to be truly thankful. There are 364 other days, you know, on which we can be grateful.

To be sure, Thanksgiving is well and good, and it should be observed because of its original intent and purpose. The Pilgrims who instituted the day had reason for their season of Thanksgiving: They had made bountiful crops in this new land and were enjoying freedoms and liberties after being oppressed and overtaxed in the old country. Their thanksgiving was sacred because it was felt deep down inside their souls.

Today, with all our modern conveniences and good health and wealth of food, clothing and other material things, we should be all the more thankful—not just at Thanksgiving, but every day of every week of every month of every year.

May something like this be the prayer of every one of us: "Bountiful Father, provider of all our blessings, we are grateful. For these things especially, which are not enjoyed by millions of our world inhabitants, we are thankful: Food, clothes, shelter, freedoms of thought, religion, press and initiative, freedom from fear, want, starvation, threats, oppression. Yea, Lord, may we make every day a day of thanksgiving, and may we acquire and intensify a feeling of gratitude as we go through life."

## Motorists, Face the Facts

Traffic accidents don't just happen—they are caused, according to the Texas Safety Association, Inc. And very often traffic accidents are caused by people who refuse to face up to the fact that driving and walking demand caution and alertness from motorists and pedestrians.

If an accident does occur, many blame it on the other fellow. But shifting the blame won't mend broken bones or put breath back into a lifeless body.

Every time a person steps out in traffic he is responsible for his own safety and—to a degree—for the safety of those he meets. Refusing to accept this responsibility doesn't relieve him of it. Nor does it make his pain and discomfort any easier to bear if his carelessness lands him in the hospital.

So, let's all take an adult attitude toward this business of traffic safety. Let's realize that our safety is our own responsibility and that the way to stay hale and hearty is to take special precautions when the weatherman gets onery. It's a sign of maturity to be able to face up to situations.

## Look at the Bright Side

How slow we are to learn that half of the woes we dread do not come upon us at all. How much wiser it is to take things as we find them, making the most of the present with a view to building more wisely for the future.

The golden moments in the stream of life rush past us, and we see nothing but sand; the angels come to visit us and we only know them when they are gone. Sometimes, when things seem to be going against us, they may actually be coming our way.

## Make a Wise Investment

In times like these, invest in boys and girls. Men talk about buying stock at the bottom. When you invest in a boy or girl, you are always buying at the bottom. You are sure that the youngster is growing up, and there is no telling how far.

I invite every man and woman in the world to take a flyer in Childhood Preferred. I predict a great future for this security. It has investment merit combined with the most exciting speculative possibilities.

You are sure to get a man or woman; you may get a great man or a great woman.—Bruce Barton.

## Building Good-Will

Most of us establish and build our business on the respect and good treatment of our customers. We call this good-will. Good-will is an asset of any business, and as an asset a growing good-will increases the values of most businesses.

Basically, our community's growth and reputation is a business. It is the business of selling community advantages and good-will on a regional scale. Our good-will as merchants, employees, professional people, or average citizens is everybody's affair.

Keeping any product at the top of a competitive market requires a constant increase in the size and efficiency of the sales force. Every citizen of the community is a salesman to prospective customers of our town. Let's keep our product at the top of the market.

## A True Friend

A friend is one who is for you always, under all circumstances. He never investigates you. When charges are made against you, he does not ask proofs—he asks the accuser to clear out. He likes you just as you are; and he does not want to change you.

Whatever kind of coat you are wearing suits him. Whether you have on a dress suit or a hickory shirt with no collar, he thinks it's fine. He likes your moods, and enjoys your pessimism as much as you optimism. He likes your success; and your failures endeavor you to him the more. He wants nothing from you except that you be yourself. Although you may sometimes seem to neglect him and forget him, he ignores the slight. Nothing can cause his faith in you to waver.

He keeps alive your faith in human nature. It is he who makes you believe it a good universe. When you are vigorous and spirited, you like to take your pleasures with him; when you are in trouble, you want to tell him about it; when you are ill, you want him near. You give to him without reluctance, and borrow from him without embarrassment. He is the elixir of hope, the antidote for despair, the tonic for depression, the potion beside which the doctor's pills are futile. He is your friend.—Pennsylvania Grit.

Conceit is a queer disease; it makes everybody look sick but the one who has it.

Any mature man who doesn't think he knows more than his boss is a poor specimen, and not even the boss respects him.

# THANKSGIVING

Yes, Thanksgiving means a day of thankfulness for all . . . youngsters and "young oldsters" alike. We all know the meaning in back of this truly American holiday. Most of us just take our blessings for granted, but maybe this year it would be a good idea to pause and give thought about how great they are . . . and how fortunate we are . . . to be Americans. Right here in Hamlin, for example, we enjoy things that peoples in many other nations never thought existed. Being able to say what we please . . . worship as we please . . . work at a job where enthusiasm and ability pay off . . . buy food and clothing and automobiles and anything else we need . . . therefore, shouldn't we for one day in a year remind Him of our thankfulness for the past? Have a good and careful Thanksgiving Day!

# Now as Then

Today, as our forefathers did, we celebrate Thanksgiving with a deep appreciation for His generosity. But now, as then, we are faced with the responsibility of keeping peace in a world molested by power-seeking governments who are endeavoring to defy God and the principles of freedom-loving people. We are in America endeavoring to protect ourselves and small countries from forces of darkness that threaten to smother the light of liberty.

Yet, with faith in Him, we are certain that liberty will conquer as it did then.

We, at Piggly Wiggly, pause to express our sincere thanks for a fine group of patrons who have made our business successful and pleasant in Hamlin.

Second—its getaway—with the double-action take-off of the new Variable Pitch Dynaflo®—is spectacular even at only part throttle—and comes with a new boost in gas mileage to boot.

Third—on ride, this new SPECIAL is more than great—what with all-coil springing, and torque-tube stability, and a new deep-oil cushioning, and a whole new front-end geometry that adds a wonderful "sense of direction" to the car's travel.

## S-D Day Observance on December 1 to Give Emphasis to Car Traffic Accidents

Three kinds of persons are responsible for the nation's traffic accidents—men, women and children.

They will be the target for the second observance of S-D Day on December 1, sponsored by the president's committee for traffic safety.

President Eisenhower has set this Safe Driving Day for Americans to prove that by their own efforts traffic accidents can be held to an absolute minimum for a 24-hour period.

The day is typically American, the committee said. Although officially sponsored by the president and his committee, its observance and all activities connected with it will be on a co-operative and volunteer basis.

Enforcement of traffic laws will not be given unusual emphasis for this special day. Instead, officials hope that arrests will be fewer because of increased observance of safe driving practices.

Purpose of the day, the committee said, is to increase awareness of the traffic accident problem and inspire drivers and pedestrians to assume their individual and personal responsibility for highway safety. They will be urged to:

1. Obey the letter and spirit of all traffic regulations by driving at speeds prescribed by law or indicated by road and weather conditions, by signaling turns and stops, by being extra alert and slowing at railroad crossings, and by crossing streets correctly at intersections.

2. Be courteous to all drivers and pedestrians; give a break to motorists and turning motorists; and to practice good sportsmanship by keeping to the right, staying in their own lane and avoiding unnecessary use of the horn.

3. Give full attention to driving and walking; practice the fundamentals of safe driving by keeping two hands on the wheel.

## Highway Patrol Still Has Openings For Young Officers

Texas Highway Patrol is accepting applications between now and January 1 for appointment as state patrolmen, young men of the Hamlin area are advised.

Colonel Homer Garrison Jr., director of the Texas Department of Public Safety, said in a release to The Herald that state-wide examinations would be given in January and that successful candidates would begin training at the Austin headquarters of the DPS in April.

Forty-seven men are now in recruit school and another class will begin in January. These were selected as a result of examinations given last summer.

The public safety director invited all men who are interested in a career of law enforcement to make application as early as possible. He pointed out that they must be between 21 and 35 years of age, inclusive; have a high school education; be at least five feet eight inches in height; and weight not less than two or more than three and one-half pounds per inch of height.

Applications may be obtained by writing to W. J. Elliot, Chief, Texas Highway Patrol, Austin; or by visiting the nearest patrol district office, the one in this area being at Abilene on South Butterfield Street.

## Stamford Bulldogs Take District 4-AA Football Championship with 26 to 7 Win

Stamford's Bulldogs won the District 4-AA football title last Friday night in the closing game of the season when they took the measure of the hapless Hamlin Pied Pipers by a 26 to 7 score. The tilt was played before a big crowd in the Piper stadium.

Stamford scored in each of the four quarters, although it was not run-away ball game that some of the dopesters had predicted.

Quarterback Jackie Mills passed to Halfback Donald Campbell for 17 yards and the first Stamford touchdown. End Dallas Christian booted the extra point.

A pass from Mills to Christian accounted for the second tally of eight yards. The extra point try was no good.

Christian again racked up the third touchdown on a pass from

Mickey Jackson. The extra point kick was again not good.

In a special drive the Pied Pipers made the score 19 to 7 in the final period when Halfback Ken Hewett took a hand-off from Quarterback Clarence Parker for two yards and the score. Don Adair ran for the extra point after a fumble on the attempted kick try.

Stamford's final tally came on a hand-off from Mills to Halfback Mike McClellan, who went through his own left tackle for 63 yards. Extra point kick try by Melvin Stevenson was unsuccessful.

Hamlin End Jerry Jay was injured in the last quarter when he was downed in a play. He was taken to the hospital, but was released shortly thereafter with only bruises marked against him.

## Rotan Whips Anson In Last Grid Game Friday by 37 to 0

Rotan High School's Yellowhammers, buoyed by their week-before triumph over the Hamlin Pied Pipers, swamped the Anson Tigers, 37 to 0, in their final grid contest of the season Friday night on their home field.

Leading the attack were George Bridges and Wesley Winton.

Rotan rolled up 204 yards on the ground and 119 yards in the air to head up the victory. They made 17 first downs to seven for Anson.

Bridges went over from the one-yard spot in the first quarter to score first. In the second quarter Bridges passed to Jimmy Finch for 35 yards and the second touchdown. Minton then went over from the five for the third marker.

On a run good for 20 yards through the middle Bridges scored the fourth touchdown early in the third period.

In the last quarter Minton went through center for one yard and another score. Jimmy Kendrick accounted for the last score in the final period on an intercepted pass from 15 yards out. Bubba Edwards kicked the one extra point of the evening.

## Hamlin Girl Cagers Lose to Hobbs Crews

Hamlin High School's girls' basketball teams suffered two defeats in their opening melees played last Tuesday night against the fast Hobbs team at the Hobbs gymnasium, west of Roby.

The Hobbs A team defeated the Piperettes by a 47 to 19 score. Delphine South of Hobbs racked up 27 of her team's points.

In the B string tilt the Fisher County girls held the long end of a 25 to 12 score.

## Mighty Mice B String Beats Merkel 13 to 0

Mighty Mice B team of Hamlin High School, coached by Harry Martin and assisted by G. T. Black and Joe E. Brown, closed out their 1955 season with a 13 to 0 win over the Merkel Badger B team at Merkel last Thursday night.

Hamlin racked up both of its markers in the second period. Wesley Cummings used the boot-leg play around left end for 25 yards and a touchdown. A few

## DePriest Cagers Take Two at Breckenridge

Cagers from DePriest Colored School in Hamlin last Friday night won both their boys' and girls' games from the basketballers from Breckenridge.

The Steers won their tilt by a 61 to 40 score. Speedy Baldwin was high pointer for the boys, followed by William Henry Hall. The Steerettes took their game by a 29 to 18 score. Shirley Jones was highest scorer for DePriest girls, followed by Jimmie Bass.

The two DePriest teams will meet teams from Slaton Tuesday night at Hamlin Junior High School gymnasium. These games are expected to be exciting ones.

minutes later Cummings passed to William Cranford for 35 yards and a second score. Wayne Boatwright plunged for the extra point.

Merkel failed to threaten the Hamlin goal.

## Mighty Mice Lose To Rotan Juniors In Last Game 12-0

Hamlin Junior High School's Mighty Mice, coached by Harry Martin, closed out their football season last Tuesday night by bowing to the Rotan Juniors by a 12 to 0 score.

Hamlin outplayed the Fisher County lads throughout the first half, but had to settle for a scoreless half-time score. The Mice controlled the ball most of the first quarter, allowing Rotan only four offensive plays.

Rotan took the second half opening kick-off and ran it the ball through the entire Hamlin team for a touchdown.

Early in the fourth quarter the Mighty Mice drove to the Rotan 10-yard line only to lose the ball by inches.

Late in the game Rotan added another touchdown from about 25 yards out.
